Instructions

General information

The CAPCO credit is equal to 100% of a taxpayer's investment of certified capital in certified capital companies (CAPCOs) established under section 11 of the Tax Law. You must claim the credit over 10 years, with 10% allowed each year. The total credit available in any particular taxable year is the 10% allowed for that year plus any carryovers from prior years. For additional information, see TSB-M-98(2)C, TSB-M-98(7)C, TSB-M-99(3)C, and TSB-M-00(2)C.

Part I — Computation of CAPCO credit

Line 4 — Enter the total amount of unused CAPCO credit carried forward from line 14 of the previous year's Form CT-33.1.

Line 7 — This is the net CAPCO tax credit available for this period. If the amount on line 6 is greater than the amount on line 5, you have a net recaptured tax credit. Add the net recaptured tax credit back to the tax on Form CT-33, line 13, Form CT-33-NL, line 7, or Form CT-33-A, line 17, for this year.

Part II — Computation of CAPCO credit used and carried forward

Line 9 — If you are claiming more than one credit, enter the total amount of credits (life insurance companies: exclude the EZ capital tax credit, and the EZ and ZEA wage tax credits) applied against the current year's franchise tax before the CAPCO credit. If the CAPCO credit is the only credit that is being applied against the current year's franchise tax, enter "0." If filing as a member of a combined return, include any amount of tax credit(s), including the CAPCO tax credit(s), being claimed by other members of the combined group that you wish to apply before your CAPCO tax credit.

Line 11 — The CAPCO credit may not reduce the tax below the minimum tax. For an insurance company filing on an individual basis, enter \$250 on this line. For a life insurance company filing as a member of a combined group, enter the sum of lines 4 and 12 from Form CT-33-A.

Part III — Recapture of CAPCO credit

Lines 15 through 19 — If the certified capital company is decertified or revoked from the CAPCO program, the credit will be disallowed and any credit taken will be recaptured as follows:

Line 15 — One hundred percent of the credit is required to be recaptured if the certified capital company is decertified within two years of the date on which the CAPCO is allocated certified capital prior to meeting the investment requirements in Tax Law section 11(c)(1)(A);

Line 16 — Eighty-five percent of the credit is required to be recaptured if the certified capital company is decertified because it failed to meet the requirement for continued certification in Tax Law section 11(c)(1)(B);

Line 17 — Seventy percent of the credit is required to be recaptured if the certified capital company is decertified because it failed to meet the requirement for continued certification in Tax Law section 11(c)(1)(C).

Line 18 — One hundred percent of the credit is required to be recaptured if the certified capital company's certificate is revoked before the later of: (1) the third anniversary of the certification date of the CAPCO; or (2) the date on which the CAPCO satisfies the requirements for continuance of certification in Tax Law section 11(c)(1)(C).
