

Instructions for Form CT-634

Empire State Jobs Retention Program Credit

CT-634-I

General information

The Tax Law provides a credit to taxpayers who are participants in the Empire State Jobs Retention Program and are subject to tax under Articles 9-A, 22, or 33.

A business enterprise must submit a completed application to Empire State Development (ESD). If ESD determines that a business entity will be a participant in the program, it will issue the entity a certificate of eligibility, a preliminary schedule of benefits, and a certificate of tax credit for one tax year. To receive a certificate of tax credit for subsequent tax years, the participant must demonstrate to ESD that the entity continues to satisfy the eligibility criteria. For more information about the Empire State Jobs Retention Program application and approval process, visit ESD's website (at www.esd.ny.gov).

A taxpayer that has been issued a certificate of tax credit by ESD will be allowed to claim the credit. The certificate of tax credit will indicate the amount of the credit that may be claimed for the tax year. A taxpayer will be allowed to claim only the amount listed on the certificate of tax credit for that tax year. A copy of the certificate of tax credit must be attached to the taxpayer's return.

A business accepted into the Empire State Jobs Retention Program must agree to be permanently disqualified for Empire Zone benefits at any location that qualifies for Empire State Jobs Retention Program benefits.

Eligibility – To be eligible to participate in the program, a business entity must:

- operate predominantly in New York State in certain industries;
- be located in a county in which an emergency has been declared by the governor on or after January 1, 2011;
- demonstrate substantial physical damage and economic harm resulting from the event leading to the emergency declaration by the governor; and
- have had at least 100 full-time equivalent jobs in the county in which an emergency has been declared by the governor on the day immediately preceding the day the event leading to the declaration occurred, and must retain or exceed that number of jobs in New York State.

The following businesses are not eligible for the program:

- a not-for-profit entity;
- a business entity whose primary function is the provision of services, including personal services, business services, or the provision of utilities;
- a business entity engaged predominantly in the retail or entertainment industry;
- a business engaged in the generation or distribution of electricity, the distribution of natural gas, or the production of steam associated with generation of electricity;
- a business entity that is not in compliance with all worker protection and environmental laws and regulations;
- a business entity that owes past due state taxes; or
- a business entity that owes local property taxes for any year prior to the year the business applies to participate in the program.

The credit may be claimed for up to ten consecutive tax years provided the participant continues to meet the eligibility requirements. The benefit period begins in the first year the participant receives a certificate of tax credit from ESD, or the

first tax year listed on the preliminary schedule of benefits, whichever is later. If the participant fails to satisfy the eligibility criteria for any one year, it will lose the ability to claim the credit for that year. The inability to claim the credit for any one year will not extend the original ten-year eligibility period.

The credit is equal to 6.85% of the gross wages paid for the impacted jobs. The participant will receive a certificate of tax credit from ESD annually specifying the amount of the credit allowed for that year.

Any cost or expense paid or incurred that is included as part of the calculation of this credit may not be used as the basis for any other tax credit.

The amount of the credit allowed cannot reduce the tax due to less than the minimum tax due under Article 33, or the fixed dollar minimum tax under Article 9-A.

The credit is **not** allowed against the metropolitan transportation business tax (MTA surcharge) under Article 9-A or 33.

Any unused amount of credit for the current tax year will be treated as a refund or overpayment of tax to be credited to next year's tax. Interest will not be paid on the refund or overpayment.

If a certificate of eligibility or a certificate of tax credit is revoked because you do not meet the eligibility requirements, you must recapture the amount of credit previously claimed prior to that revocation. The amount of credit to be recaptured must be added back to tax for the tax year in which the revocation becomes final.

Definitions

Certificate of eligibility means the document issued by ESD to an applicant that has completed an application to be admitted into the Empire State Jobs Retention Program and has been accepted into the program by ESD. Possession of a certificate of eligibility does not by itself guarantee eligibility to claim the tax credit.

Certificate of tax credit means the document issued to a participant by ESD, after ESD has verified that the participant has met all applicable credit eligibility criteria. The certificate will be issued annually if such criteria are met and will specify the exact amount of the credit that a participant may claim, and will specify the tax year for which the credit may be claimed.

Participant means a business entity that has completed an application to be admitted into the Empire State Jobs Retention Program, has been issued a certificate of eligibility by ESD, has demonstrated that it meets the eligibility requirements of the Empire State Jobs Retention Program, and has been certified as a participant by ESD.

Enter a number from 1 to 10. Failure to qualify for credits for any of those years does not extend the 10-year benefit period.
