

Instructions for Form IT-558

New York State Adjustments due to Decoupling from the IRC

General information

For tax years beginning before January 1, 2022, the 2020-2021 New York State budget (Part WWW of Chapter 58 of the Laws of 2020) decoupled personal income tax from any amendments made to the Internal Revenue Code (IRC) after March 1, 2020. This includes changes made by the federal Coronavirus Aid, Relief, and Economic Security (CARES) Act and any other federal changes to the IRC. Therefore, any amendments made to the IRC after March 1, 2020, will not apply to New York State or New York City personal income tax.

Complete Form IT-558 and submit it with your return to report any New York State addition and subtraction adjustments required to recompute federal amounts using the rules in place prior to any changes made to the IRC after March 1, 2020.

Note: These addition and subtraction adjustments are separate from the addition and subtraction modifications reported on Form IT-225, *New York State Modifications*. You may need to file both Form IT-558 and Form IT-225.

Refer to the charts found on page 6 for a listing of addition and subtraction adjustment(s) for your specific filing that may be entered on this form.

Submit Form IT-558 with Form IT-201, *Resident Income Tax Return*; IT-203, *Nonresident and Part-Year Resident Income Tax Return*; IT-204, *Partnership Return*; or IT-205, *Fiduciary Income Tax Return*.
