

## Designated Private Delivery Services

Generally, tax returns, payments, and other documents sent to the New York State Tax Department are considered to be on time if they are postmarked by the U.S. Postal Service on or before the due date of the return, payment, or other document. As a result of the 1997 Taxpayer Bill of Rights, taxpayers can also use certain private delivery services, in addition to the U.S. Postal Service, with the assurance that returns, payments, and so on, that are mailed on time will be considered to have been filed on time. However, only mail delivered by private delivery services that are designated by the U.S. Secretary of the Treasury or by the New York State Commissioner of Taxation and Finance qualify for the *timely postmarked is timely filed or paid* rule.

The private delivery companies, and the specific types of delivery services that currently qualify, are as follows:

The Commissioner of Taxation and Finance may designate additional private delivery services that meet Internal Revenue Code (IRC) criteria, and may likewise withdraw any designation if the private delivery service is found to be inadequate.

The private delivery service can tell you how to get written proof of the mailing date.
