EXEMPTIONS FROM REAL PROPERTY TAXATION IN NEW YORK STATE: 2000 COUNTY, CITY, AND TOWN ASSESSMENT ROLLS

INTRODUCTION

All real property in New York is subject to taxation unless specific legal provisions grant it exempt status, whereas personal property is not subject to taxation. Real property tax exemptions are granted on the basis of many different criteria, including the use to which the property is put, the owner's ability to pay taxes, the desire of the state and local governments to encourage certain economic or social activities, and other such rationale.¹ Certain exemptions provide full relief from taxation (wholly exempt property) and others reduce the taxes which would otherwise be payable by varying degrees (partially exempt property). Some exemptions apply to taxes levied for county, city/town, and school purposes, whereas others pertain only to some of these purposes. Yet another difference involves the extent of local government autonomy: while some exemptions are mandated by state law, others are subject to local option and/or local determination of eligibility criteria.

This report presents exemption data for 2000 assessment rolls² based on submissions of property tax data by assessors and county property tax directors.³ It covers town, city, and county (Tompkins and Nassau Counties) assessment rolls only; village rolls are not included.

Ultimately, the accuracy of the figures presented depends on the accuracy of the data submitted. Although the overwhelming majority of reported exemptions could be related to specific legal provisions through the standardized reporting system provided by the Office of Real Property Services (ORPS), a very small percentage could not be classified because incorrect codes were used, and are thus omitted from certain tables in this report. Similarly, any errors made by assessors in determining the value of a parcel, or the extent to which this value is exempt from taxation, will appear in the data contained herein. Also, experience has shown that some assessors may not keep the values placed on wholly exempt property fully up to date, as

¹ Most exemptions are granted under Article 4 of the Real Property Tax Law, but others are authorized by a wide variety of statutes ranging from the Agriculture and Markets Law to the Transportation Law.

² Data from the 1999 assessment roll was used for the Town of Huntington (Suffolk County) due to the lack of 2000 roll data.

³ The material in the report relates to exemptions only. Not covered are the restricted assessments which apply to certain types of property (e.g., condominiums), tax abatement programs, and formerly real property which has been statutorily redefined as personal (non-taxable) property (e.g., certain switching equipment owned by telephone companies). Restricted assessments, tax abatements, and statutory redefinitions, like exemptions, are tax expenditures in that they reduce or shift tax liability.

valuation of such property has, for the most part, no effect on local tax revenue. Incorrect assessed values may overstate or understate the effect of exemptions on local tax bases.

The remainder of the report is organized as follows. The next section presents a summary of the latest (2000 assessment roll) statewide statistics on exempt property. The section immediately thereafter focuses on the relatively new School Tax Relief (STAR) exemption. Appendix A contains a list of abbreviations and definitions for terms used in the detailed tables which comprise Appendix B.

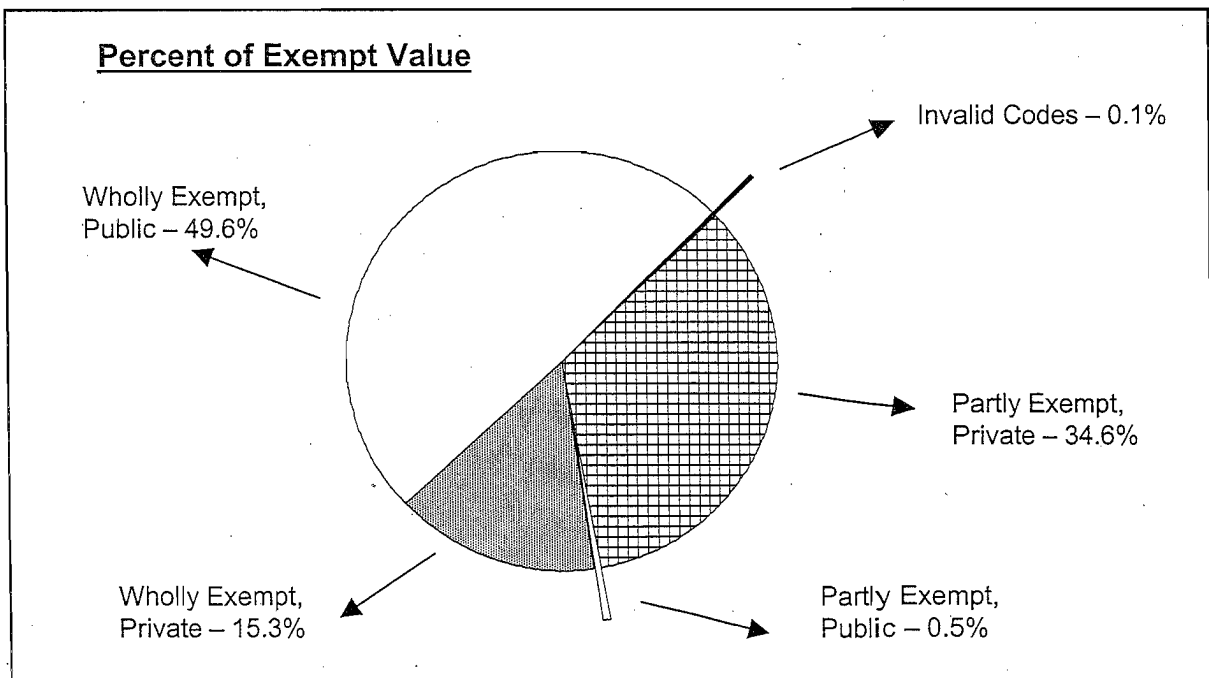

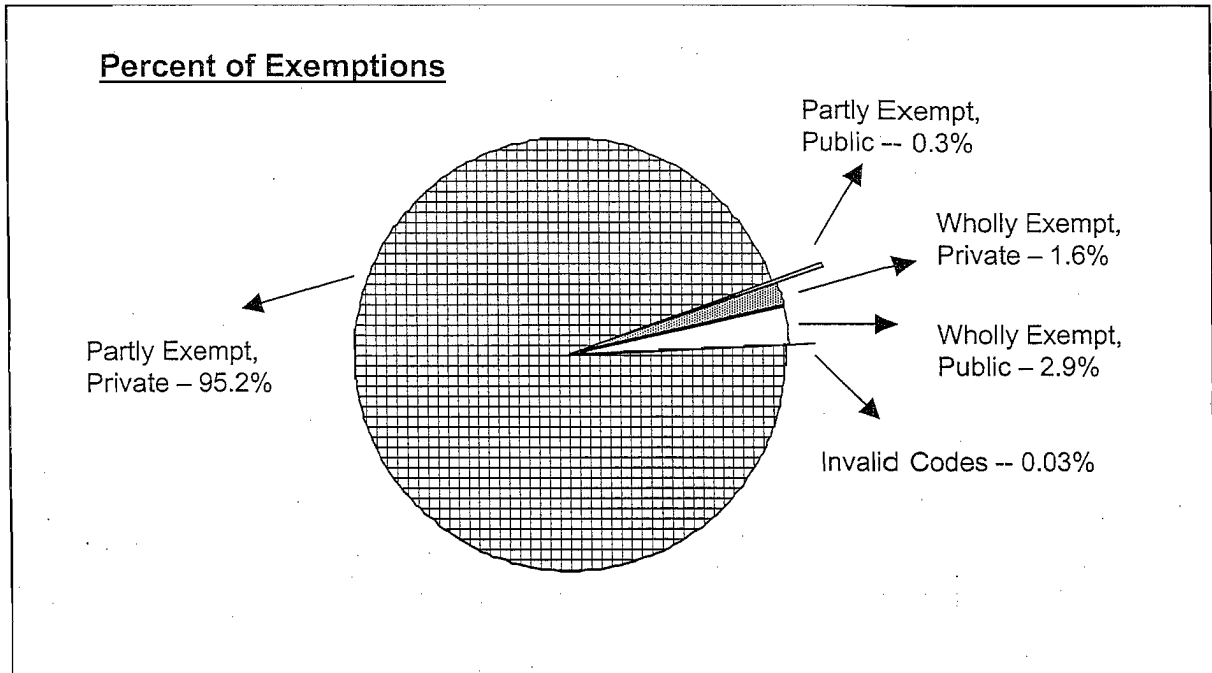

EXEMPTIONS ON 2000 ASSESSMENT ROLLS

Approximately 34 percent of the market value of real property in New York is exempt from taxation. This is slightly more than the 1999 figure of about 32 percent and virtually the entire difference was attributable to the second year of phasing in the STAR exemption (\$28 billion more in 2000). With the exception of the years in which the STAR exemption was introduced (1998 and after) value that is exempt has changed little since the early 1980s. In 1998, the first year in which STAR was granted to eligible senior citizens, exempt property increased from 28 percent to 30 percent of total value. In 1999, when STAR was first granted to non-seniors, exempt value increased to approximately 32 percent of total property value. At the same time, the total number of wholly or partially exempt parcels increased significantly to more than 2.9 million in 1999, with over half of all parcels receiving some type of exemption. In 2000, this trend continued, with the number of exempt parcels totaling over 3 million and representing more than one-half of all parcels. Partial exemptions, including the STAR exemption, accounted for the overwhelming majority of these, at 95 percent.

In prior years, roughly 1 out of every 5 parcels had benefited from some sort of exemption. However, with STAR exemptions amounting to more than 2.8 million, this portion increased substantially in 2000. As the last installment of the basic STAR exemption is implemented in 2001 (\$30,000), the exempt value of property in New York will increase further.

Figure 1 shows a breakdown of 2000 assessment roll exemptions according to type of ownership (public vs. private) and extent of exemption allowed (whole vs. partial). The overall proportions, which are similar to those seen in prior years, depend on whether one looks at the number of exempt parcels or exempt value.

Figure 1. Distribution of Exemptions by Type of Ownership, 2000

The most common exemptions are partial exemptions granted on parcels owned by private individuals or organizations (95 percent of all exemptions). A further 1.6 percent are granted on property that is privately owned and wholly exempt. Publicly owned property, nearly all of which is wholly exempt, accounts for the remainder of the exemptions (3.2 percent).

However, in terms of exempt value, the publicly owned, wholly exempt property accounts for nearly half of all exempt value. Fully 49.6 percent falls in this category, with nearly all the remainder consisting of privately owned property which is split between the wholly exempt (15.3 percent) and the partially exempt (34.6 percent).

Approximately 80 percent of the individual exemptions granted annually resulted from state-mandated exemption provisions rather than local-option statutes (local governments are not permitted to reduce or rescind mandated exemptions). The STAR program accounted for by far the largest category of mandatory exemptions. In 2000, more than 2.8 million qualified homeowners were granted more than \$91 billion of exempt value as a result of STAR, amounting to nearly 70 percent of all exemptions granted statewide.

The major local-option exemptions were those granted to senior citizens, to certain veterans, to various limited-profit housing companies, and to businesses that made eligible improvements to real property. These optional exemptions totaled \$32.6 billion in 2000, an increase of \$1.0 billion from the \$31.6 billion reported in 1999. The primary reason for the increase appears to be the increased awareness of eligibility for certain other residential exemptions that has been created by publicity for the STAR program.

Table 1 shows the number of exemptions and equalized exempt value by major exemption category. The overwhelming majority of exemptions (92 percent) involve partially exempt property owned by certain individuals, primarily homeowners receiving STAR exemptions (about 70 percent), senior citizens (about 6 percent), and veterans (16 percent). However, only about 29 percent of the total exempt value is attributable to this category of exemptions. Nevertheless, the total exempt value of this group is greater than that of any other group shown in Table 1, with STAR exemptions causing substantial additions in recent years.

The largest category in terms of exempt value is the general-purpose property owned by local government entities (excludes housing, some forest land, and certain other uses). Although such properties account for only about 2 percent of all exemptions, they comprised more than 25 percent of the total value exempt. Other categories accounting for major shares of the total value exempt, but relatively few exemptions, included property owned by the United States and foreign governments and property owned by New York State.

Table 1
Real Property Tax Exemptions by Property Group, 2000 Assessment Rolls

<u>Group</u>	<u>Number of Exemptions</u>	<u>Equalized Exempt Value (\$000)</u>
A. Residential Property other than Multiple Dwellings Non-Residential Property Owned by Certain Individuals	3,748,911	\$127,815,035
B. Property of New York State Government and Agencies	17,405	45,636,597
C. Property of Municipal Governments and Agencies, School Districts, BOCES, and Special Districts	92,461	113,148,015
D. Property of U.S. and Foreign Governments and Agencies, International or Interstate Agencies, and Indian Tribes	3,558	24,920,575
E. Property of Private Community Service Organizations, Social Organizations, and Professional Societies	62,862	62,744,334
F. Industrial, Commercial, and Public Service Property	22,802	36,199,319
G. Urban Renewal Property, Public Housing, and Private Subsidized Housing (Multiple Dwellings)	45,577	27,186,081
H. Agricultural and Forest Property	78,977	3,215,345
Total, Valid Exemption Codes	4,072,553	\$440,865,301
Invalid Codes	1,157	374,194
TOTAL	4,073,710	\$441,239,495

Across the state, total exempt value increased by 10.4 percent, from \$400 billion in 1999 to \$441 billion in 2000. Far and away the most substantial change in exempt value for any one exemption group, as shown in Table B4, Appendix B, was the 30 percent increase in Group A (Residential Property other than Multiple Dwellings and Non-Residential Property Owned by Certain Individuals). Continued growth in enhanced STAR exemptions, as well as the second installment of the basic STAR exemption (\$20,000), accounted for more than \$28 billion of the \$30 billion increase in the exempt value of this group.

The exempt value changes in the remaining exemption groups ranged from an 8.2 percent increase for Group H (Agricultural and Forest Property) to a 4.0 percent decrease for Group D (Property of U.S. and Foreign Governments and Agencies, International or Interstate Agencies, and Indian Tribes). The \$243 million increase in the exempt value of Group H was largely the result of three exemptions: a \$115 million increase for Agricultural Districts

(Agriculture and Markets Law (Ag Mkts L) Section 305), a \$47 million increase for Agricultural Land Not in District (Ag Mkts L Section 306), and a \$51 million increase for New York State Reforested Land (Real Property Tax Law (RPTL) Section 534). Almost half of the Group H increase was attributable to an \$87 million increase for property with Ag Mkts L Sections 305 and 306 exemptions in the Town of Southampton and a \$23 million increase for New York State Reforested property in the Town of New Windsor (Orange County). More than 100 other assessing units experienced at least 15 percent growth in the value of Ag Mkts L Sections 305 and 306 exemptions from 1999 to 2000.

Two types of property primarily accounted for the \$1.0 billion decrease in Group D. The closing of the former United States Air Force Base in the Town Plattsburgh (Clinton County) entirely accounted for the \$589 million decrease in the value of USA Owned – Defense Purposes exemption provided by State Law Section 59-G. Additionally, exemptions for property owned by the Port Authority of New York and New Jersey decreased nearly \$870 million between 1999 and 2000. However, these reductions in exempt value were partially offset by about \$450 million in increases in exempt values for other exemptions in this group. The exempt value changes for the remaining groups ranged from 3.8 percent in Group B (Property of New York State and Agencies) to 6.6 percent in Group E (Property of Private Community Service Organizations, Social Organizations, and Professional Societies).

The 10.4 percent overall increase in exempt value varied somewhat among counties, but nearly two-thirds of all counties had increases that were in the 10 percent to 20 percent range. Of the remaining 20 counties, 3 had decreases ranging from -0.1 percent to -18.5 percent, 10 had an increase of less than 10 percent, and 7 had an increase of more than 20 percent. The primary reason for the increased exempt values in New York's counties was due to the growth in the STAR exemption program. The second installment of the basic STAR exemption phase-in and continuation of the enhanced senior citizen STAR exemption accounted for about 20.7 percent of total statewide exempt value.

Illustrating this trend was heavily residential Putnam County. More than \$320 million of the \$400 million increase in exempt value was attributable to STAR exemptions. If STAR exemption levels had remained unchanged from the 1999 levels, Putnam exempt values would have increased by only 5.5 percent, rather than the actual 27.5 percent increase that occurred from 1999 to 2000.

An exception to this general trend was in Tompkins County. In 2000, the revaluation of property in the City of Ithaca resulted in a \$990 million increase in the exempt value of the

Cornell University campus. This increase completely explained Tompkins County's 34 percent increase in exempt value, the largest in any county in the state.

At the other end of the spectrum, the 18 percent decrease in exempt value for Clinton County was entirely the result of closing the United States Air Force Base in the Town of Plattsburgh. While this property continued to be federally owned, the re-assignment of the U.S. Air Force resulted in a \$589 million decrease in the exempt value of the property.

Large differences in the incidence of exempt property may be found throughout the state (Tables 2 through 5). For the first time, Tompkins County ranked highest in terms of exempt value with nearly half of its total real property exempt.

In prior years, St. Lawrence County had ranked first in this regard, with almost half of its property exempt, including substantial amounts of wholly exempt property owned by the New York State Power Authority and the St. Lawrence Seaway Development Corporation. This exemption situation continued in 2000, but the growth of exempt value in Tompkins County resulted in St. Lawrence dropping to the second-highest ranking. Other important contributors to relatively high levels of exempt value in the county were wholly exempt land owned by other state entities, municipal industrial development agencies, and educational institutions. Four assessing units in St. Lawrence County had significant portions of their property value effectively removed from the tax rolls (Waddington, 73 percent; Massena, 71 percent; Potsdam, 52 percent; and the City of Ogdensburg, 73 percent).

The Town of Ashford in Cattaraugus County ranked highest among New York State towns in terms of exempt value, with approximately 90 percent of its property exempt. This situation is largely the result of the very high value of the wholly exempt West Valley nuclear disposal site. The Town of LeRay (Jefferson County) ranked second in this regard, primarily because of the Fort Drum Army Base.

Seven of the state's 62 cities had tax bases that were reduced by at least 50 percent as a result of exempt property in 2000. In addition to the already mentioned Ogdensburg, the cities of Geneva, Hudson, Ithaca, Oneonta, Troy, and Watervliet all belong to this group. Prior to the 1999 rolls, the City of Salamanca also had slightly more than 50 percent of its property exempt (50.6 percent), but changes in several exemptions resulted in a net decrease of about \$400,000 in exempt value and about a 2 percent decrease in its share of exempt property. Exempt property in the City of New York was somewhat less prevalent, comprising only about 36 percent of total value.

Counties with the lowest incidence of exempt property tended to be rural and forested, with Columbia, Delaware, Greene, Hamilton, Warren, and Washington all having 19 percent or less of their tax bases exempt. In contrast, 3 heavily residential counties in the metropolitan New York City area and on Long Island also had relatively small proportions of total value exempt, with Putnam, Rockland, and Nassau in the 15 percent or less range.

With the exception of Glen Cove in Nassau County, all of the state's cities had at least 17 percent of their tax bases exempt. Many towns had a much lower incidence of exemptions, with 35 having less than 5 percent of their assessment rolls in exempt property value. Among the towns with the lowest percentages of exempt value, 80 percent are in rural and forested areas.

Table 2
Geographic Areas with Highest and Lowest Incidence of Exempt Value,
2000 Assessment Rolls

A. TEN WITH HIGHEST INCIDENCE

Counties		Cities		Towns	
	Percent Exempt		Percent Exempt		Percent Exempt
1. Tompkins	48.0%	Ogdensburg (St. L.)	72.9%	Ashford (Cat.)	89.5%

LOCAL-OPTION EXEMPTIONS

Local-Option Exemption Impacts

Statewide, the value of local-option exemptions comprised approximately 11 percent of total exempt value. However, Tables 6, 7, and 8 show a wide range of values among counties, cities, and towns. For example, county local-option percentages varied from 20.9 percent in Cayuga County to 2.9 percent in Tompkins County.

The STAR exemption program continued to have a significant effect on the shares of municipal exempt value that were comprised of local-option exemptions. In 1997, the

percentage of total exempt value represented by local-option exemptions among counties ranged from a low of 2.2 percent (Clinton County) to a high of 38.4 percent (Fulton County). The comparable range on the 2000 assessment rolls was from 2.9 percent (Tompkins County) to 20.9 percent (Cayuga County). This downward trend has been due primarily to the phasing-in of the mandatory STAR program but, because STAR exemptions are state-funded, it has no tax base impact.

The combined effects of three types of local-option exemptions provided much of the reason for Cayuga County's top ranking. Relatively high values for the property of various non-profit organizations exempt under Section 420-b of the Real Property Tax Law accounted for 11 percent of the county's exempt value. Local-option veterans' exemptions and exemptions for persons aged sixty-five years or more comprised another 7.5 percent. In second and third places were Fulton County (23 percent local option exempt value) and Saratoga County (18.5 percent local option exempt value).

As wide as the variation for local-option exemptions was for counties, the range was even greater for cities and towns. The percentage of total exempt value attributable to local-option exemptions ranged from a high of 55 percent in the Town of Piercefield (St. Lawrence County) to the towns of Moira and Bombay in Franklin County which had no local option exemptions at all. The primary reason for Piercefield's first-place ranking was its large share of property owned by the Boy Scouts of America. This property was exempt due to ownership by a nonprofit organization and represented 52 percent of the town's exempt value.

Even though local-option exemptions among New York's cities and towns ranged from zero percent to 55 percent of total exempt value, the vast majority of municipalities had less than 20 percent. As can be seen from Table 8, in more than 9 out of every 10 municipalities, local-option percentages accounted for less than 20 percent of the total exempt value. In comparison, before the introduction of the basic STAR exemption on the 1999 assessment rolls, about 3 out of every 4 municipalities had local-option percentages of 20 percent or less.

“STAR” STATE-FUNDED EXEMPTION

The School Tax Relief (STAR) program was enacted in 1997 as Section 425 of the Real Property Tax Law. This state-funded program provides a partial exemption from school property taxes for owner-occupied primary residences, including condominiums, cooperative apartments, and mobile/manufactured homes. The exemption first became available on the 1998 assessment rolls.

For qualifying senior citizens (age 65 or older), STAR generally exempts the first \$50,000 of a home from school taxes. In the case of property owned by a husband and wife, only one of them must be at least 65 years of age to qualify for the exemption. Their combined annual income, however, must not exceed \$60,000, even if only one of the resident spouses is the owner. This exemption is generally referred to as the “enhanced” STAR exemption.

For non-senior homeowners and those seniors whose incomes exceed \$60,000, a lower “basic” STAR exemption that generally amounts to \$30,000 (when fully phased in) is available. The phase-in began in 1999-2000 with a maximum exempt value of \$10,000. The limit was increased to \$20,000 in 2000-01 and the remaining \$10,000 increment is scheduled for 2001-2002.

Both STAR exemption ceilings are adjusted upwards in counties where median home values exceed the statewide median. Both are also adjusted to the local level of assessment in each assessing unit by application of the appropriate equalization rate or class equalization rate (special assessing units).

Additionally, the STAR exemption is adjusted for the cities of Buffalo, New York, Rochester, Syracuse, and Yonkers to account for the school district being fiscally dependent on

the city. This adjustment is made by multiplying the STAR exemption amount that would otherwise be determined by 50 percent for New York City, or, in the case of the other 4 cities, by 67 percent. The exempt amount resulting from this calculation is applied both to the assessed value for city school district purposes and to the assessed value for general city purposes.

There were more than 660,000 enhanced STAR exemptions and nearly 2.2 million basic STAR exemptions reported on 2000 assessment rolls, and they totaled approximately \$91.5 billion in exempt value. These totals represented 20.7 percent of the exempt value and 69.7 percent of all exemptions in New York's cities and towns.

The 2000 STAR exempt value represented a 45 percent increase from the \$63.3 billion shown on the 1999 rolls. More than any other factor, the change is explained by the increase in the maximum exempt value for "basic" STAR exemptions from \$10,000 in 1999 to \$20,000 in 2000. The corresponding exempt values for the "basic" STAR exempt values were \$27.7 billion in 1999 and \$55 billion in 2000. Also contributing to the growth in exempt value between the two years was the increase in the total number of STAR exemptions by more than 250,000. Considering that 2.6 million exemptions were granted in 1999, it is not unusual that some homeowners eligible in 1999 were unaware of the exemption or failed to meet the exemption application deadline, and the 2000 assessment rolls marked their next opportunity to apply.

APPENDIX A

Explanation of Codes and Terms Used

1. **Exemption Code:** A five-digit identification number used for designating each specific exemption type. The first of the five digits can have a value of 1, 2, 3, or 4, and these values can be interpreted as follows:

<u>Value</u>	<u>Meaning</u>
1.	Public owner, exemption not limited by State law in amount, duration, or tax purpose.
2.	Private owner, exemption not limited by State law in amount, duration, or tax purpose.
3.	Public owner, exemption limited by State law in amount, duration, or tax purpose.
4.	Private owner, exemption limited by State law in amount, duration, or tax purpose.

The second, third, and fourth digits are read together and constitute a unique code for each exemption statute. The fifth digit, which can have a value ranging from zero to 6, identifies the tax purposes for which the exemption is granted and it can be interpreted as follows:

<u>Value</u>	<u>Meaning</u>
0.	Exempt for county, city/town, and school purposes.
1.	Exempt for county, and city/town purposes.
2.	Exempt for county purposes.
3.	Exempt for city/town purposes.
4.	Exempt for school purposes.
5.	Exempt for county and school purposes.
6.	Exempt for city/town and school purposes.
<u> </u>	(Underline) More than one entry possible (local-option exemptions).

2. **Number of Parcels or Parcel Count:** The total number of parcels of real property in the county or municipality, including wholly exempt parcels.
3. **Number of Exempt Parcels:** The total number of parcels on the assessment roll which carry at least one exemption code.

A.2

4. **Number of Exemptions:** Total number of exemptions of the type in question (whole or partial). Will not equal the number of exempt parcels since a given parcel may have multiple exemptions.
5. **Wholly Exempt:** Exemptions which provide full relief from taxes levied for all taxing purposes. Includes the assumption, for tables other than B3, that invalid or incomplete exemption codes beginning with 1 or 2 indicate wholly exempt property.
6. **Partly Exempt:** Exemptions which are limited in amount, duration, or taxing purpose. Includes the assumption, for tables other than B3, that invalid or incomplete exemption codes beginning with 3 or 4 indicate partially exempt property.
7. **Total Equalized Value (000):** Total assessed value of all parcels on assessment roll divided by the decimal representation of the appropriate state equalization rate. For the 2000 assessment rolls, the market value standard for equalization rates was January 1, 2000. Equalization rates are based on assessments and market values of taxable property only.
8. **Total Equalized Value of Exempt Parcels (000):** Total assessed value of exempt parcels divided by the decimal representation of the appropriate state equalization rate or class equalization rate.
9. **Equalized Exempt Value (000) or Eq. Val. (000):** Exempt assessed value divided by the decimal representation of the state equalization rate or class equalization rate.
10. **1999 Eq. Rate:** The state equalization rate, or class equalization rates.
11. **Invalid Exemption Codes:** Reported exemption codes which are neither currently valid nor were previously valid. Expressed as a percent of the total number of exemptions coded.
12. **Incomplete Exemption Codes:** Reported exemption codes which were previously, but are not currently, valid. Expressed as a percent of the total number of exemptions coded.
13. **Exempt for County Purposes:** Exemptions coded with a five-digit number ending in 0, 1, 2, or 5.
14. **Exempt for City/Town Purposes:** Exemptions coded with a five-digit number ending in 0, 1, 3, or 6.
15. **Exempt for School Purposes:** Exemptions coded with a five-digit number ending in 0, 4, 5, or 6.
16. **Pct. of Total Parcels Exempt:** Number of exempt parcels divided by the total number of parcels, expressed as a percentage.
17. **Pct. of All Exem. in Cnty.:** The number of exemptions of the type in question divided by the total number of exemptions in the county, expressed as a percentage.
18. **Exempt Value as a Pct. of Total Value:** Table B3 -- Equalized value of exemptions of each type divided by total equalized value, expressed as a percentage.

19. **Pct. of Total County (State) Exempt Value:** Tables B4, B5 -- Equalized value of exemptions of each type divided by total equalized value of exempt parcels only, expressed as a percentage.
20. **Pct. of Exempt Value:** Equalized value of exemption category in question in relation to total equalized value of all other exemptions granted.
21. **Pct. of Equal. Value:** (Table B1) Equalized value of exemption divided by total equalized value, expressed as a percentage.

SER	Service
SIM	Similar
SOC	Society
SPEC	Special or Specified
STA	Station
STR	Street
SWR OR SEWR	Sewer
TR	Treatment
UDC	Urban Development Corporation
UNDRG	Underground
UNIV	University
URB	Urban
VG OR VLG	Village
VOL	Volunteer

APPENDIX B

Detailed Exemption Data, by County and Municipality

Table

- B.1 County Level Summary of Exemptions, 2000 Assessment Rolls
- B.2 Municipal Summary of Exemptions, 2000 Assessment Rolls (No longer available in this report; however, it is available on the Internet or by request.)
- B.3 County Level Summary of Exemptions, by Type, 2000 Assessment Rolls
- B.4 Statewide Summary of Exemptions, by Property Group and Exemption Code, 2000 Assessment Rolls
- B.5 Summary of Exemptions, by County, Property Group, and Exemption Code, 2000 Assessment Rolls

B.3

TABLE B.1

County Level Summary of Exemptions, 2000 Assessment Rolls

Pages B.4 – B.5
