EXEMPTIONS FROM REAL PROPERTY TAXATION IN NEW YORK STATE: 2003 COUNTY, CITY, AND TOWN ASSESSMENT ROLLS

INTRODUCTION

All real property in New York is subject to taxation unless specific legal provisions grant it exempt status, whereas personal property is not subject to taxation. Real property tax exemptions are granted on the basis of many different criteria, including the use to which the property is put, the owner's ability to pay taxes, the desire of the state and local governments to encourage certain economic or social activities, and other such rationale.¹ Certain exemptions provide full relief from taxation (wholly exempt property) and others reduce the taxes which would otherwise be payable by varying degrees (partially exempt property). Some exemptions apply to taxes levied for county, city/town, and school purposes, whereas others pertain only to some of these purposes. Yet another difference involves the extent of local government autonomy: while some exemptions are mandated by state law, others are subject to local option and/or local determination of eligibility criteria.

This report presents exemption data for 2003 assessment rolls² based on submissions of property tax data by assessors and county property tax directors.³ It covers town, city, and county (Tompkins and Nassau Counties) assessment rolls only; village rolls are not included.

Ultimately, the accuracy of the figures presented depends on the accuracy of the data submitted. Although the overwhelming majority of reported exemptions could be related to specific legal provisions through the standardized reporting system provided by the Office of Real Property Services (ORPS), a very small percentage could not be classified because incorrect codes were used, and are thus omitted from certain tables in this report. Similarly, any errors made by assessors in determining the value of a parcel, or the extent to which this value is exempt from taxation, will appear in the data contained herein. Also, experience has shown that some assessors may not keep the values placed on wholly exempt property fully up to date, as

¹ Most exemptions are granted under Article 4 of the Real Property Tax Law, but others are authorized by a wide variety of statutes ranging from the Agriculture and Markets Law to the Transportation Law.

² Data from the 2002 assessment rolls was used for the Town of East Hampton (Suffolk County) due to the unavailability of 2003 data.

³ The material in the report relates to exemptions only. Not covered are the restricted assessments which apply to certain types of property (e.g., condominiums), tax abatement programs, and formerly real property which has been statutorily redefined as personal (non-taxable) property (e.g., certain switching equipment owned by telephone companies). Restricted assessments, tax abatements, and statutory redefinitions, like exemptions, are tax expenditures in that they reduce or shift tax liability.

valuation of such property has, for the most part, no effect on local tax revenue. Incorrect assessed values may overstate or understate the effect of exemptions on local tax bases.

The remainder of the report is organized as follows. The next section presents a summary of the latest (2003 assessment roll) statewide statistics on exempt property. The section immediately thereafter focuses on the relatively new School Tax Relief (STAR) exemption. Appendix A contains a list of abbreviations and definitions for terms used in the detailed tables that comprise Appendix B.

EXEMPTIONS ON 2003 ASSESSMENT ROLLS

Approximately 33 percent of the market value of real property in New York is exempt from taxation. Although the value of exempt property increased by approximately \$47 billion, or 8.8 percent, from the 2002 to the 2003 assessment rolls, the corresponding total value of real property in New York increased by 9.5 percent or about \$151 billion. Both of these changes explain why the share of exempt property decreased slightly from 33.6 percent in 2002 to 33.4 percent in 2003. This figure has changed little since 2000 (33.8 percent) when STAR exemptions were in the second stage of their phase-in for non-seniors. Had STAR exemptions been excluded from exempt value, the percent of real property value attributable to exemptions ages would have remained constant at 25.4 for both 2002 and 2003.

With the exception of the years in which the STAR exemption has been in place (1998 and after) value that is exempt has changed little since the early 1980s. In 1998, the first year in which STAR was granted to eligible senior citizens, exempt property increased from 28 percent to 30 percent of total value. In 1999, when STAR was first granted to non-seniors, exempt value increased again to approximately 32 percent of total property value. At the same time, the total number of wholly or partially exempt parcels increased significantly to more than 2.9 million in 1999 and more than 3.0 million in 2000, with over half of all parcels in both years receiving some type of exemption.

From 2001 through 2003, this trend continued, but the increases became somewhat less pronounced. While in 2001, the number of exempt parcels totaled over 3.1 million and represented more than 57 percent of all parcels, the 2002 increase to less than 3.2 million and less than 58 percent of all parcels and the 2003 increase to slightly more than 3.2 million parcels and 58.7 percent of all parcels could be seen as a leveling off of this growth. In all three years, partial exemptions, including the STAR exemption, accounted for the overwhelming majority of these exemptions, at 95 percent.

In prior years, roughly 1 out of every 5 parcels had benefited from some sort of exemption. However, with the last installment of the basic STAR exemption implemented in 2001 (\$30,000), STAR exemptions grew to nearly 2.9 million and the exempt value of property in New York increased to almost \$490 billion. As was the case with the growth in exempt parcels, the exempt value growth from 2001 through 2003 was lower than in the period from 1997 to 2001. Even though the value of exempt property rose by about \$50 billion to more than \$580 billion in 2003, this change reflects an overall growth in the value of property in New York during the period, rather than any substantial changes in exemption activity.

Figure 1 shows a breakdown of 2003 assessment roll exemptions according to type of ownership (public vs. private) and extent of exemption allowed (whole vs. partial). The overall proportions, which are similar to those seen in prior years, depend on whether one looks at the number of exempt parcels or exempt value.

The most common exemptions are partial exemptions granted on parcels owned by private individuals or organizations (95 percent of all exemptions). A further 1.6 percent are granted on property that is privately owned and wholly exempt. Publicly owned property, nearly all of which is wholly exempt, accounts for the remainder of the exemptions (3.2 percent).

However, in terms of exempt value, the publicly owned, wholly exempt property accounts for nearly half of all exempt value. Fully 47.7 percent falls in this category, with nearly all the remainder consisting of privately owned property which is split between the wholly exempt (14.6 percent) and the partially exempt (37.1 percent).

Approximately 80 percent of the individual exemptions granted annually resulted from state-mandated exemption provisions rather than local-option statutes (local governments are not permitted to reduce or rescind mandated exemptions). The STAR program accounted for by far the largest category of mandatory exemptions. In 2003, more than 3.0 million qualified homeowners were granted almost \$140 billion of exempt value as a result of STAR, amounting to more than 71 percent of all exemptions granted statewide.

The major local-option exemptions were those granted to senior citizens, to certain veterans, to various limited-profit housing companies, and to businesses that made eligible improvements to real property. These optional exemptions totaled \$37.4 billion in 2003, an increase of \$2.5 billion from the \$34.9 billion reported in 2002. While the exempt value increased for this group, the number of exemptions remained relatively unchanged with a decrease of just 556 exemptions or about 0.1 percent since the last report.

Figure 1. Distribution of Exemptions by Type of Ownership, 2003

Table 1 shows the number of exemptions and equalized exempt value by major exemption category. The overwhelming majority of exemptions (92 percent) involve partially exempt property owned by certain individuals, primarily homeowners receiving STAR exemptions (about 71 percent), senior citizens (5.0 percent), and veterans (about 12 percent). However, only about 32 percent of the total exempt value is attributable to this category of exemptions. Nevertheless, the total exempt value of this group is greater than that of any other group shown in Table 1, with STAR exemptions causing substantial additions in recent years.

The second largest category in terms of exempt value is the general-purpose property owned by local government entities (excludes housing, some forest land, and certain other uses). Although such properties account for only about 2 percent of all exemptions, they comprised nearly 25 percent of the total value exempt. Other categories accounting for major shares of the total value exempt, but relatively few exemptions, included property owned by the United States and foreign governments and property owned by New York State.

Table 1
Real Property Tax Exemptions by Property Group, 2003 Assessment Rolls

<u>Group</u>	<u>Number of Exemptions</u>	<u>Equalized Exempt Value (\$000)</u>
A. Residential Property other than Multiple Dwellings Non-Residential Property Owned by Certain Individuals	3,897,485	184,422,161
B. Property of New York State Government and Agencies	17,463	58,600,225
C. Property of Municipal Governments and Agencies, School Districts, BOCES, and Special Districts	95,688	144,173,440
D. Property of U.S. and Foreign Governments and Agencies, International or Interstate Agencies, and Indian Tribes	3,650	31,981,613
E. Property of Private Community Service Organizations, Social Organizations, and Professional Societies	65,568	78,044,829
F. Industrial, Commercial, and Public Service Property	23,477	47,506,877
G. Urban Renewal Property, Public Housing, and Private Subsidized Housing (Multiple Dwellings)	53,415	33,415,451
H. Agricultural and Forest Property	83,369	4,053,955
Total, Valid Exemption Codes	4,240,115	582,198,511
Invalid Codes	1,656	887,216
TOTAL	4,241,771	583,085,767

Across the state, total exempt value increased by 8.8 percent, from \$536 billion in 2002 to \$583 billion in 2003. In terms of exempt value, the most substantial change for any one exemption group, as shown in Table B4, Appendix B, was the \$17 billion or 13.3 percent increase in Group C (Property of Municipal Governments and Agencies, School Districts, BOCES, and Special Districts). Within this group, increases in exempt values for exemptions authorized by Real Property Tax Law (RPTL) Section 406(1) for county-owned property (an increase of \$3.8 billion) and for town-owned property (an increase of \$4.3 billion), as well as a \$6.5 billion increase for property owned by school districts (RPTL §408) accounted for nearly \$15 billion of the \$17 billion overall increase. The primary cause for these increases was the 2003 revaluations of property in the three Nassau County towns of Hempstead, North Hempstead, and Oyster Bay. In these towns, increased exempt values for these same three exemptions amounted to nearly \$12 billion.

The exempt value changes in the remaining groups ranged from a 10.1 percent increase for Group B (Property of New York State and Agencies) to a 3.8 percent increase for Group G (Urban Renewal Property, Public Housing, and Private Subsidized Housing (Multiple Dwellings)). The \$5.4 billion increase in the exempt value of Group B was the direct result of the \$5.6 billion in increased value for the exemption provided by RPTL §404(1) for State-owned property. The major contributors to this increase in exempt value were the towns of Brookhaven (Suffolk County) with a \$1.8 billion increase, Hempstead (Nassau County) with a \$1.4 billion increase, Oyster Bay (Nassau County) with a \$770 million increase, and New York City with a \$300 million increase. While the changes occurring in the two Nassau County towns and New York City were primarily caused by either annual or initial reassessments of property, Brookhaven's 13.4 percent exempt value increase was consistent with the 14.5 percent overall increase in the value of property that occurred town-wide from 2002 to 2003. At the other end of the spectrum, the relatively small change that occurred in Group G from \$32.2 billion in 2002 to \$33.4 billion in 2003 made the group's change (3.8 percent) the lowest of any of the exemption groups.

The exempt value changes for the remaining exemption groups ranged from 6.2 percent in Group F (Industrial, Commercial, and Public Service Property) to 9.8 percent in Group H (Agricultural and Forest Property). Except for the increase in Group H, these trends were all moderately lower than the 9.5 percent increase in the total value of property in New York State that occurred from 2002 (\$1.6 trillion) to 2003 (\$1.7 trillion).

The following tables numbered 2 through 8 show the incidence of exempt values among the state's counties, cities, and towns for all exemptions and for exemptions made available through local options.

Table 2
Geographic Areas with Highest and Lowest Incidence of Exempt Value,

“STAR” STATE-FUNDED EXEMPTION

The School Tax Relief (STAR) program was enacted in 1997 as Section 425 of the Real Property Tax Law. This state-funded program provides a partial exemption from school property taxes for owner-occupied primary residences, including condominiums, cooperative apartments, and mobile/manufactured homes. The exemption first became available on the 1998 assessment rolls.

For qualifying senior citizens (age 65 or older), STAR generally exempts the first \$50,000 of a home from school taxes. In the case of property owned by a husband and wife, only one of them must be at least 65 years of age to qualify for the exemption. Their combined annual income, however, must not exceed \$60,000, indexed for inflation, even if only one of the resident spouses is the owner. This exemption is generally referred to as the “enhanced” STAR exemption.

For non-senior homeowners and those seniors whose incomes exceed \$60,000, a lower “basic” STAR exemption that generally amounts to \$30,000 is available. The STAR exemption was phased in with three increments that began in 1999-2000 with a maximum exempt value of \$10,000. The limit was increased to \$20,000 in 2000-2001 and to \$30,000 in 2001-2002.

Both STAR exemption ceilings are adjusted upwards in counties where median home values exceed the statewide median. Both are also adjusted to the local level of assessment in each assessing unit by application of the appropriate equalization rate or class equalization rate (special assessing units).

Additionally, the STAR exemption is adjusted for the cities of Buffalo, New York, Rochester, Syracuse, and Yonkers to account for the school district being fiscally dependent on the city. This adjustment is made by multiplying the STAR exemption amount that would otherwise be determined by 50 percent for New York City, or, in the case of the other 4 cities, by 67 percent. The exempt amount resulting from this calculation is applied both to the assessed value for city school district purposes and to the assessed value for general city purposes.

There were approximately 615,000 "enhanced" STAR exemptions and more than 2.4 million "basic" STAR exemptions reported on 2003 assessment rolls, and they totaled approximately \$139.8 billion in exempt value. These totals represented 24.0 percent of the exempt value and 71.4 percent of all exemptions in New York's cities and towns.

The 2003 STAR exempt value represented an 6 percent increase from the \$131.7 billion shown on the 2002 rolls. This moderate increase demonstrated the maturity of the exemption program and the 2001 completion of the three-year phase-in of the maximum exempt value. Also moderating the increase was the overall decrease in the number of "enhanced" STAR exemptions from the 2000 high of approximately 662,000 exemptions to about 640,000 in 2001 and to about 615,000 in 2003. These decreases were most likely the result of a sale of the property to non-qualifying homeowners or an increase in the incomes of senior citizen property owners that made them no longer qualified for the "enhanced" exemption. This explanation corresponds with the most recent increase shown in the number of "basic" STAR exemptions, i.e. by approximately 70,000 or 3.0 percent, which can not be completely explained by new initial applications that are due to new construction or a belated awareness of the exemption. The corresponding exempt values for the "basic" STAR exemption were \$82.7 billion in 2001 and \$100.4 billion in 2003.

Although the downward trend in the number of "enhanced" STAR exemptions was evident from 2000 to 2003, the future New York State demographic patterns indicate that an increasing number of taxpayers in the higher age brackets will tend to increase participation in this exemption, as well as the senior citizen exemption (RPTL Section 467). However, the fiscal impact of the higher participation rates predicted for these two exemption programs should be marginally offset by the decline in the number of veterans qualifying under RPTL Section 458, since eligibility for that exemption is primarily confined to older veterans who served in World War II and the Korean War.

APPENDIX A

Explanation of Codes and Terms Used

1. **Exemption Code:** A five-digit identification number used for designating each specific exemption type. The first of the five digits can have a value of 1, 2, 3, or 4, and these values can be interpreted as follows:

<u>Value</u>	<u>Meaning</u>
1.	Public owner, exemption not limited by State law in amount, duration, or tax purpose.
2.	Private owner, exemption not limited by State law in amount, duration, or tax purpose.
3.	Public owner, exemption limited by State law in amount, duration, or tax purpose.
4.	Private owner, exemption limited by State law in amount, duration, or tax purpose.

The second, third, and fourth digits are read together and constitute a unique code for each exemption statute. The fifth digit, which can have a value ranging from zero to 6, identifies the tax purposes for which the exemption is granted and it can be interpreted as follows:

<u>Value</u>	<u>Meaning</u>
0.	Exempt for county, city/town, and school purposes.
1.	Exempt for county, and city/town purposes.
2.	Exempt for county purposes.
3.	Exempt for city/town purposes.
4.	Exempt for school purposes.
5.	Exempt for county and school purposes.
6.	Exempt for city/town and school purposes.

___ (Underline) More than one entry possible (local-option exemptions).

2. **Number of Parcels or Parcel Count:** The total number of parcels of real property in the county or municipality, including wholly exempt parcels.
3. **Number of Exempt Parcels:** The total number of parcels on the assessment roll which carry at least one exemption code.

A.2

4. **Number of Exemptions:** Total number of exemptions of the type in question (whole or partial). Will not equal the number of exempt parcels since a given parcel may have multiple exemptions.
5. **Wholly Exempt:** Exemptions which provide full relief from taxes levied for all taxing purposes. Includes the assumption, for tables other than B3, that invalid or incomplete exemption codes beginning with 1 or 2 indicate wholly exempt property.
6. **Partly Exempt:** Exemptions which are limited in amount, duration, or taxing purpose. Includes the assumption, for tables other than B3, that invalid or incomplete exemption codes beginning with 3 or 4 indicate partially exempt property.
7. **Total Equalized Value (000):** Total assessed value of all parcels on assessment roll divided by the decimal representation of the appropriate state equalization rate. For the 2003 assessment rolls, the market value standard for equalization rates was January 1, 2003. Equalization rates are based on assessments and market values of taxable property only.
8. **Total Equalized Value of Exempt Parcels (000):** Total assessed value of exempt parcels divided by the decimal representation of the appropriate state equalization rate or class equalization rate.
9. **Equalized Exempt Value (000) or Eq. Val. (000):** Exempt assessed value divided by the decimal representation of the state equalization rate or class equalization rate.
10. **2003 Eq. Rate:** The state equalization rate, or class equalization rates.
11. **Invalid Exemption Codes:** Reported exemption codes which are neither currently valid nor were previously valid. Expressed as a percent of the total number of exemptions coded.
12. **Incomplete Exemption Codes:** Reported exemption codes which were previously, but are not currently, valid. Expressed as a percent of the total number of exemptions coded.
13. **Exempt for County Purposes:** Exemptions coded with a five-digit number ending in 0, 1, 2, or 5.
14. **Exempt for City/Town Purposes:** Exemptions coded with a five-digit number ending in 0, 1, 3, or 6.
15. **Exempt for School Purposes:** Exemptions coded with a five-digit number ending in 0, 4, 5, or 6.
16. **Pct. of Total Parcels Exempt:** Number of exempt parcels divided by the total number of parcels, expressed as a percentage.
17. **Pct. of All Exem. in Cnty.:** The number of exemptions of the type in question divided by the total number of exemptions in the county, expressed as a percentage.
18. **Exempt Value as a Pct. of Total Value:** Table B3 -- Equalized value of exemptions of each type divided by total equalized value, expressed as a percentage.

19. **Pct. of Total County (State) Exempt Value:** Tables B4, B5 -- Equalized value of exemptions of each type divided by total equalized value of exempt parcels only, expressed as a percentage.
20. **Pct. of Exempt Value:** Equalized value of exemption category in question in relation to total equalized value of all other exemptions granted.
21. **Pct. of Equal. Value:** (Table B1) Equalized value of exemption divided by total equalized value, expressed as a percentage.
