

Department of Taxation and Finance

MEMORANDUM

TO: All School Officials and SDIV Contacts
FROM: SDIV Program, ORPTS
SUBJECT: School District Income Verification Program (SDIV)
Review of ORPTS Assigned Addresses
OFFICE: Office of Real Property Tax Services
DATE: May 1, 2025

History

First implemented in 1993, the statewide School District Income Verification (SDIV) Program demonstrates that a statewide computerized matching system is an appropriate and cost-effective means of assigning school district codes to taxpayer address records. This is the 32nd year of the SDIV program.

In the current economic climate, it is vital to maintain a fair and timely distribution of available school aid. By reviewing the addresses currently assigned to your school district, you play an important role in determining the total income for your district.

What to do next

Please complete [Form RP-10, School District Income Verification \(SDIV\) Process Participation Form](#), and submit it to us by June 6, 2025.

If you do not plan to participate in this year's program, please notify us by June 6, 2025 as well.
